OKAFOR EMELDER

FRONTEND DEVELOPER

I am a frontend developer with demonstrated experience in building scalable websites by translating UI/UX design wireframes into maintainable and responsive user interface using JavaScript(ES6), React/API, CSS and CSS frameworks, HTML, Git and other technologies for developing interactive frontend applications. I'm a fast learner, a team player and can work independently on any task to arrive at a workable and most profitable end point.

WORK EXPERIENCES
